Vehicle Use & Parking Policy

On Friday night Troops may use a vehicle to move their Troop trailer to their campsite, but the vehicle must return to the parking lot after dropping off. No personal vehicles will be allowed to remain in any campsite.

Campsites

Campsites will be allocated based on the preregistered numbers you submit. Units may be placed together in camp sites.

Leadership

Two-deep leadership is required for each unit. Coordinate with other units in your district if you need additional leadership to meet this requirement. One possible solution is to camp with another unit. Senior Patrol Leaders are responsible for their respective troops.

Swim Tests

The swim classification of individuals participating in a Boy Scouts of America activity is a key element in both Safe Swim Defense and Safety Afloat. All persons participating in BSA Aquatics activities are classified according to swimming ability. The classification test procedures have been developed and structured to demonstrate a skill level consistent with the circumstances in which the individual will be in the water.

In order to provide a more streamlined event, we are asking each unit to have swim tests completed in advance, using the attached **Unit Swim Classification Record**. These tests must be administered in accordance with Safe Swim Defense and a copy turned in at check in by each unit.

*In the event that you have a Scout who has not completed a swim test prior to arrival, we will do our best to administer a swim test to that Scout. However, if scheduling does not permit this, we may need to move that Scout into a land-based merit badge class. **No refunds will be offered if this occurs.**

Environmental

No digging of any kind will be allowed in the camping area. Guy ropes and small stakes are acceptable.

Behavior

Scouts and adults are expected to conduct themselves in accordance with the Scout Oath and Scout Law at all times and to follow all policies of the Boy Scouts of America, including the Guide to Safe Scouting.

Security

Please ensure all vehicles are locked and secured. All valuables should be stored in a locked and secured container, preferably inside a vehicle. Greater Tampa Bay Area Council and event staff will not be liable for stolen or missing items.

Medical & Photo Release Forms

All participants must have [Part A and B](#) of the BSA Annual Health and Medical form. This form can be located on the Council website:

boyscouting.com/forms/AnnualHealthForm.pdf Troops must have a BSA Medical form for each participant Parts A and B. Troops will need to present a Health Verification Form at check in along with on-site phone numbers for the weekend (page 11).

Trash

All units should follow Leave No Trace principles, including the proper removal of all trash at the end of the event. All trash is to be properly bagged and placed in trash receptacles or hauled out. Please bring your own garbage bags.

Campfire Program

Troops are encouraged to participate in the Camporee campfire program on Saturday evening at 8pm. Leaders are encouraged to have their troop come up with a skit or song to show off at the Campfire, the more participation the merrier!

Scouts Own

A Scout is Reverent. All Scouts and leaders are encouraged to conduct a Troop Scout's Own service on Sunday morning. Please wear your field uniform.

Uniform

There are two uniforms for this event.

Field Uniform

The BSA Field uniform consists of a BSA uniform shirt, BSA Pants/Shorts, BSA belt, BSA socks, and closed-toe shoes. It should be worn:
