

BSA Pre-Event Medical Screening Checklist

Has the participant traveled internationally or to a known domestic Coronavirus hotspot or been in contact with someone diagnosed with Coronavirus within the last 2 weeks?

If the participant can answer yes—**he or she should stay home.**

Has the participant had any of the following symptoms in the last 24 hours?

- Fever (100.4 F or greater)
- Vomiting
- Diarrhea

If the participant has fever, vomiting, OR diarrhea—**he or she should stay home.**

Has the participant had any of the following symptoms in the last 24 hours?

- Unexplained extreme fatigue or muscle aches
- Rash
- Cough
- Sore throat
- Open sore

If the participant has any two (or more) of these symptoms—**he or she should stay home.**

If the participant has one of these symptoms, discuss any limitations and restrictions with the event director and **consider having him or her stay home.**

Participants who become ill should not return to the activity until they are cleared by a health-care provider. Any participant exhibiting symptoms at an event may be asked to leave by the medical officer or event director.

Event Name: _____
