

It's a New Scouting Year!

Your District Training Team is Here to Make Your Scouting Life Better!

If you had a magic wand you could wave to ...

- Help yourself and other volunteers stay in Scouting longer?
- Allow youth to have better programs and more fun
(and stay longer, so Scouting has a greater impact on their lives)?
- Make your job more rewarding?

Would you use it?

Would using it be a top priority?

Well you do, and that "magic wand" is TRAINING!

Common sense tells us training is important. Trained leaders affect the quality of programs, leader tenure, youth tenure, and a whole lot more. Few things impact the Scouting program more than training.

Good training helps a lot!
No training hurts us all.

Wave that wand! Get trained yourself and encourage all the leaders and parents in your unit to do the same. YES! Training is not only for leaders ... parents can attend as well. Did you know parents who take training are more likely to sign on as a leader than parents who do not attend training?

Already got your training several years ago? Well ... UPDATE IT!

Many courses have changed over the past two (2) years and offer updated methods and training objectives not offered in the past. Many courses are now shorter as well.

Training is a great way to network with other units and create a more dynamic program for your youth. Sign up for training today and bring your friends. Upcoming training for this year is listed on the attached pages.

Want to be more hands on?

Join the training team. Once you have taken a course, you are able to return to the next training course as an instructor. Show off what you learned and meet new friends with common interests.

Need more information on training?

Maybe you need to schedule private training for your unit. Please feel free to contact the training chair for help.
