

SEABADGE

Leadership and Management Training

Seabadge is a weekend of intense leadership and management training focusing on the "HOW-TO" aspects of providing a successful, youth-led, Sea Scout program.

While **Seabadge** is an advance leadership training program for experienced Sea Scout adult leaders, the training course **is open to ALL Adult Scout Leaders**. Scouters who lead older Scout youth as Patrols, Crews, or Posts, or find they are dealing with older Scouts at any capacity will find this training course especially useful.

Goals of the **Seabadge** Course:

- ❖ Encourage the development of contacts, and the sharing of resources between the course participants and course staff.
- ❖ Provide management and leadership skills, tools, and resources to the participants.
- ❖ Use the skills and tools acquired at **Seabadge** to improve the quality of the Sea Scout program.
- ❖ Improve motivational skills and gain an understanding of leadership and management alternatives in a youth-led program.
