BSA Pre-Event Medical Screening Checklist

Has the participant traveled internationally or to a known domestic Coronavirus hotspot or been in contact with someone diagnosed with Coronavirus within the last 2 weeks?

If the participant can answer yes—**he or she should stay home**.

Has the participant had any of the following symptoms in the last 24 hours?

- Fever (100.4 F or greater)
- Vomiting
- Diarrhea

If the participant has fever, vomiting, OR diarrhea—**he or she should stay home**.

Has the participant had any of the following symptoms in the last 24 hours?

- Unexplained extreme fatigue or muscle aches
- Rash
- Cough
- Sore throat
- Open sore

If the participant has any two (or more) of these symptoms—**he or she should stay home**.

If the participant has one of these symptoms, discuss any limitations and restrictions with the event director and consider having him or her stay home.

Participants who become ill should not return to the activity until they are cleared by a health-care provider. Any participant exhibiting symptoms at an event may be asked to leave by the medical officer or event director.

**Event Name:** _________________________________________________________________

**Participant Name:** ___________________________________________________________

The participant named does NOT exhibit any of the conditions above and is able to participate.

Signature: ___________________________________________ Date: __________________

(Parent if Participant is a Minor)
